

721 Photos supplied by: Barry Thompson - Pacific Powerboat Magazine

What a great start this brand new model has had since it was released as the 690 at the New Zealand Boat Show in May 2011. Winning the best Aluminium Boat 6 to 7 metre category and is now our best selling hardtop model and called the 721, it is loaded with even more features and with many new options, makes this boat a leader in its class.

McLAY
