

McLay

561 CROSSXOVER

Specifications:

Length: 5.75
Beam: 2.09 Freeboard: 650mm
Approx. Hull Weight: 550kgs
Transom Height: 20"
HP Required: 60 - 100

Probably the safest conventional boat in its class with features including painted top and side strip, lined dash and cabin and padded squabs, it makes for the ideal boat for the family who have safety and good looks in mind.

(Please note photos all show an optional extra of full sides painted).

Since introducing the CrossXover range 2 years ago, they have quickly become our biggest sellers, and with the all new 651 CrossXover Hardtop released, we expect these models will go from strength to strength.

A range of boats that retain great looks with pontoon safety by incorporating hundreds of litres of closed cell foam under the gunnels from the transom to the anchor bay as well as having under floor buoyancy.

Loaded with new features and options, this is a range of boats that is ideal for family, fishing, diving and towing water toys.

CROSSXOVER Range

NEW MODEL 651 CROSSXOVER HARDTOP

Specifications:

Length: 6.6
Beam: 2.30 Freeboard: 720mm
Approx. Hull Weight: 1000kgs
Transom Height: 25" HP Required: 135 - 225

The big brother of the 611 CrossXover Hardtop, this brand new model shares all of the great features that has made the CrossXover our top selling range.

Having the same size cuddy cabin as the 611 with a slightly longer wheelhouse which allows you to fit the optional bulkheads with a door so that you can have a lockable wheelhouse.

All McLay Boats come with a 5 Year Warranty.
Prices and specifications subject to change without notice.
